to Ray, Mike, cschaap@wmoi.com, Dale

Gentlemen,

I trust you and yours are well during these crazy days of covideousness and political confusion.

I have received a request from Dale regarding a renovation expense that is not in our current InterAct Inc. Budget. In his email request he writes:

I would like to ask the InterAct Ministries, Inc, Board Executive Committee, to consider approving a \$37,000 increase in the approved 2020-2021 budget to repair the U.S. office water system (old galvanized pipes that are corroded to the point of being almost closed) and to renovate the existing guest apartment. The water system estimate is \$7,000 if done at the same time as the apartment reno. The apartment reno estimate is approximately \$30,000.

We already have in hand or have commitments for \$15,000 toward the apartment work. I have one donor, who usually gives about \$5,000/yr. to admin and general, who has asked me what they could give to this year as a year end donation. I also am confident there is a donor in Canada who will cover the difference. I am asking for approval to operate outside the 2020-2021 budget to the tune of \$37,000. Thank you for your consideration.

I would like to recommend that we approve this request for a \$37,000 increase to the 2020-2021 Budget to repair the water system and do the needed renovations to the existing guest apartment.

Would you please register you vote on this recommendation? You can do by sending your response as a “reply to all” email. I look forward to hearing from you at your earliest convenience.

Thanks for your partnership in this ministry!

Daryl

By all means, this work should be done, and I therefore vote that the request be approved.
